

Broadley Studio is situated in Marylebone, a picturesque area in the heart of Central London which hosts a wide variety of boutique shops and eateries. Housed on the lower ground floor of a beautiful converted red brick Victorian building which was built in 1887 the studio took up residence in 1986. Although Broadley Studio has been serving the film industry since 1986 it's now under the sole ownership of industry veteran Richard Landy. Richard comes with a wealth of film and production experience and is hugely passionate about the industry and the people that work within it.

The studio offers a pre-lit, sound-proofed U-shaped cyc, perfect for a variety of uses. It can be draped for black, chromakey green or blue and if needed or be offered with a variety of paint packages. Broadley Studio also has 2 incredible wifi connections which can be used for streaming content giving clients the maximum flexibility needed to fulfill all of their production requirements.

## STUDIO SPECIFICATIONS

Our **30ft x 28 ft x 12 ft, U-shaped cyc** is perfect for a variety of uses and can be supplied as either fully crewed or for dry-hire.
